What do Affiliates Earn?

Affiliates earn 5% of the dollar amount of a referral order, including sale items. 5% is calculated from the final sales price of the item, not the original retail price if the item is on sale.

How does an Affiliate refer someone?

Each Affiliate is assigned a unique number.

This number is to be added to the end of any link you share for any TSD product on the TSD Website.

An Affiliate link would look like this: <http://www.thestampdoctor.com?ref=1234>

(1234 would be replaced by your unique Affiliate number)

A handy link generator is available from the Affiliate Dashboard on the TSD Website.

When is an Affiliate Paid?

Affiliate Commissions are paid on the 25th of each month for all sales that occurred prior to the 20th of the month. If an order has a backorder or is in an On Hold status, the commission earned will be awarded to the Affiliate as soon as the backorder has shipped and the order is completed. This will make the commission roll over to the following month if the deadline has already passed for the current month.

Is there a minimum amount an Affiliate must earn before they are paid?

No. PayPal payments are automated to pay on the 25th day of the each month on valid commissions for completed orders. If you require a check, a check will be sent on the 25th of each month from an online banking payment processor. Please allow 7-10 days for receipt of your check.

What if a referral visits The Stamp Doctor with your Affiliate link but doesn't make a purchase?

As long as the referral doesn't clear their cookies or cache, the next time they visit The Stamp Doctor, they will still be linked to your referral number.

What if a referral clicks another Affiliate's link after they click on mine?

If a referral comes to the website with a different Affiliate's link, that Affiliate will receive the commission for their purchase. Affiliates are not permanently linked to referrals. If they click on another link, that Affiliate will receive the commission for any sale.

How can an Affiliate make a larger commission?

Currently, 5% is the most an Affiliate can earn by referring customers using their referral links. However, Affiliates are eligible to receive 15% off (regular prices) on their personal orders.

If an Affiliate chooses to, they can order multiples of items at their 15% discount from regularly priced items & pass those items on to others at full retail. This is great for those that would like to host an open house or teach classes, etc.

If the Affiliate begins placing larger orders, an additional discount can be negotiated.

The Affiliate is responsible for maintaining proper records of sales to others for Income Tax purposes. The Affiliate is not a contracted sales person for The Stamp Doctor. Any potential profit the Affiliate receives is his/her sole responsibility to report accurately to the Internal Revenue Service and their State Income Tax agency.

What if an item is already on sale at The Stamp Doctor for more than 15% off regular price?

If an item is on sale for more than 15% off, the Affiliate will receive the lower price.

(For instance, Combos are 20-25% off all the time. The Affiliate will receive the lower price.)

Is an Affiliate required to make a specific dollar amount of purchases in a specified time to maintain their Affiliate status?

No. Being an Affiliate doesn't require any minimum anything. A Affiliate will continue to earn commissions for all qualified referrals. Links you place to products with your affiliate number on social media or other locations will continue to be valid unless the product is discontinued.

Thank you for your interest in becoming an Affiliate for The Stamp Doctor!
